

Health & Safety Policy

Purpose

Our aim is excellence in health and safety and Interr Security will accomplish this by continually seeking to improve our health and safety management system so that it meets with our vision, values and the expectations of those affected by what we do.

Named person responsible for H&S: Shaun McDonald

Our commitment:

We will ensure that our responsibilities for health and safety are clearly allocated, understood, monitored, fulfilled and that legal requirements will be regarded as the minimum standard to be achieved. The company operates a system that regularly evaluates its processes and customer needs and has set quantifiable objectives with plans in place to ensure that they are reviewed year on year for continual improvement.

Interr recognises that complying with The Health and Safety at Work etc. Act 1974 and Corona Virus Act 2020 and pertaining regulation is a legal requirement, not a matter of choice.

We will act positively to minimise the incidence of all workplace risks and all activities will be carried out with the highest regard for the health, safety and welfare of our staff, contractors, visitors and the public at large.

We are committed to providing the financial and physical resources necessary to ensure that a high standard of health, safety and welfare is achieved.

We will empower our staff by providing high quality information, instruction, training and supervision to enable them to work safely and effectively and to ensure they are competent and confident in the work they carry out.

Interr will carry out and regularly review risk assessments to identify hazards and existing control measures; it will prioritise, plan and complete any corrective actions required to reduce risk to an acceptable level.

Interr will also ensure that the premises we occupy and the equipment we provide meet with the minimum legal requirement and ensure a safe and healthy working environment and conditions for our employees and people affected by our operations and activities and understand the importance of this to both employees and all stakeholders.

We will actively consult with our workforce and nurture an open attitude to health and safety issues, encouraging staff to identify and report hazards and suggest innovative solutions so that we can all contribute to creating and maintaining a safe working environment.

This policy reflects our commitment to ensuring that health and safety at work is paramount to Interr and that effective health and safety actively contributes to our ongoing success. The successful implementation of this policy requires total commitment from all members of staff.

Policy review

This policy may be amended by Interr at any time to take into account changes in legislation and best practice. This policy was last reviewed and agreed by the Board and seeks to be reviewed and updated annually. Any queries arising regarding this policy should be addressed to Mick Tabori.
